- To access the Tokencode, press the green power button on the front of the token and enter the number displayed:

The screenshot shows the top navigation bar with links: ADMIN, ACCOUNT SERVICES, BALANCE REPORTING, FUNDS TRANSFER, ONLINE SERVICES, EMAIL, HELP, SIGN OFF. Below the navigation bar is the FirstTrust logo with the tagline 'SAFE AND SOUND FOR 75 YEARS' and the FirstConnect Business logo. The main content area is titled 'Activate Go ID<sup>SM</sup> Token'. It contains two input fields: 'Go ID<sup>SM</sup> Token Serial Number (number etched on back of token):' and 'Go ID<sup>SM</sup> Tokencode (number displayed on front of token):', both with asterisks indicating required fields. Below the fields are 'submit' and 'reset' buttons.

**NOTE: You have 40 seconds to enter the Token Serial Number and Tokencode before the system times out.**

- The following message will be displayed if you have not activated your token and attempt an ACH or Wire Transaction:

The screenshot shows the same top navigation bar and logos as the previous screenshot. The main content area is titled 'Go ID<sup>SM</sup> Token Activation Required'. Below the title is a message: 'Effective 06/23/2010, you are required to activate and use your Go ID<sup>SM</sup> token to initiate a wire transfer. Please follow this link to [Activate Your Token](#) or select Admin > Go ID Token Maintenance. From there, follow the instructions on the activation page. If you have not received your Go ID<sup>SM</sup> token, please contact your Company Administrator.'
